SOME LIVELY GAMES IN THE EAST.

The Leading College Teams All Are Victors-Genera Baseball News of Interest.

The game of Rugby football between the E. E. Gyms and Washington-Jefferson College teams at East End Park was of short duration. After two intervals of play broken by continuous wrangling, and during which the Gyms scored 14 points, the visitors withdrew fmally from the field, amid a chorus of jeers from the crowd and a copious shower of stones and mud from the

It would be rather difficult to account for Washington - Jefferson's dissatisfaction. From all appearances everything was done to please them, even the majority of their friends present and the partisans from the college being unable to see sufficient reason for their refusal to continue the contest. The Fun Started.

The game started, the Gyms having the ball, with a furious run by Proctor for 15 vards. In the next play Martin repeated the act around the left. It was this sort of play, so different from their own deliberate style, that seemed to disconcert the visitors from the commencement. It was so effective in fact, that in exactly ten minutes the Gyms, through a fine run by Martin, made a touchdown. Fry failed to kick goal, apparently on account of high wind.

At this juncture Washington-Jefferson withdrew from the field, claiming indiscriminate slugging prevented them from playing their game. After thinking over the matter in the omnibus for 20 minutes, however, they agreed to return and play it out, if the umpire, Mr. McCance, was re-moved. This was acceded to, Mr. Joseph McCance, a brother of the other, taking the

The hall was then carried out to the 25vard line and in a few minutes rushed in goal again by the Gyms, Fry succeeding in the goal kick this time. Washington-Jeffer son having the ball at center, tried the V trick but failed to gain a yard and on the second try lost the ball by miserable fumb-

#### Made Another Touchdown.

Again the Gyms went to work and within eve minutes the ball was again across the line, although Fry again failed to kick a goal. Again the visitors retired, this time for good and that without giving any clear reason for doing so, some of the players giving one cause and others a different one and so forth. To every one present, the crowd numbering fully 500, nearly one-half being ladies, there did not seem to be any legitimate excuse for the college gentlemen's action, except disappointment at being so heavily over-matched. Mr. Livingstone, an Eastern gentleman, acted as referee There is no desire in this account of the

could no longer stand it. On the other hand, the Gyms claim that there was no slugging at all, and that the Washington-Jefferson were so badly beaten from the start that they lost heart and left the field. One word of comment may be necessary. Football is now more popular in Western Pennsylvania than it ever was, and it may develop into one of the most popular games of America if "slugging" or blackgaardism is kept from it. It is unfortunately too true that in the majority of cases a contest-ant in a Kugby contest is never sure of coming out of the game with his limbs un-broken. The game can and must be carried on without the tiger and pugilistic element or spirit. There may or may not have been undue roughness in yesterday's East End game, but it is a fact that there is a tendency among Rugby teams to knock opponents down by hook or by crook. Those who have the game in charge must see that this is stopped, because the class of people who go to see a Rugby football game don't go to see blackened eyes, broken noses and disjointed

A Broken Wrist and a Onesided Sco stops the Princeton and Wesleyan Game. New York, Oct. 31-[Special.]-A broken wrist and a onesided score put an end to the first game of the Intercollegiate Football Association's championship series on Manhattan field this afternoon, when only 32 minutes of the second had been occupied. The opposing teams were the Princeton and sleyen elevens; the score was 75 to 0 in Franceton's favor, and the player whose wrist was snapped was Howard, who played at left tackle on the Wesleyan team. There was a crowd of about 3,000 persons on the grounds. The Wesleyan men were a on the grounds. The Wesleyan men were a placky lot, but put up a weak game. As for Princeton, no one would have recognized the team which met the Crescent Athletic Clab's eleven a few weeks ago. The Princeton game has improved wonderfully, but it is still crude, and some hard work will have to he done to make the team strong enough to hold up its end against Yale on Thanks-viving buy. giving Pay.

The New Castle Team Win an Excellent

Game in Great Style. New Castle, Oct. 31.—[Special.]—The home team won an exciting football game here this afternoon, after a hard fight by their opponents, a strong team from McKeesport. The game began in a drizzling rain, which lasted until half time was called. The visitors were outgeneraled, but by no means outplayed, as at times their best men made some phenomenal rushes that should have won goals. New Castle never played a better zame, the arts of Cotrell G. Wood, Bob Withers and McClain being exceptionally tase McAlister and Maley, for the visito carried off the honors, playing daringly and successfully. At the end of the first half New Castle had made two goals with Me-

PHILADELPHIA, Oct. 31.—[Special.]—The Sophomore Class team of the University of Pennsylvania defeated the Pennsylvania Charter School football team this morning in a loosely played game by a score of B to 8. Pennsylvania Charter School should have won, as her ream is superior to that of '94, but they lost on account of fumbles. Hern, Thompson, Matsu, Gata and Riebenack excelled for the Sophomores.

## NORMAN'S GREAT RUN.

The Three A's Are Beaten, but McClintocl

Does a Wonderful Feat. CLEVELAND, Oct. 31.—[Special.]—Have you ever been on a football field and seen some player in white garb, pientifully daubed with earth, suddenly break from all his fel-lows, and with the coveted leather under his arm run down the line at full speed with ne one to stop his onward course to victory?
If you have, you have been fortunate, for that is one of the sights seldom seen and always applauded to the echo. Norman Mc Clintock did that to-day for Pittsburg, and in a measure it redeemed the awful bouncing that the Cleveland eleven gave the young men from down on the Ohio. Under Billy Rhodes' guidance, the young man who captained Tale last year, the Cleveland eleven is a mighty dangerous quantity, and so the Allegheny boys found out. Cleveland went through the Pittsburg line with a great deal of ease, and the fast, dashing play of the Buckeye boys almost seemed to stupefy their big opponents, who generally tackled well when they did tackle, but were too often slow in handling their men.

well when they did tackle, but were too often slow in handling their men.

The Alleghenies did not punt very well and fumbled the ball at one or two inopportune moments when they had a fine chance to gain. Valentine was as nimble as ever at quarter, and Thompson fought hard while the game lasted. Had the Allegheny men depended a little more on their backs it seems as though they might have made the game closer even if they didn't win. Cleveland tackled hard and strong and generally so low that it brought the man down. Rhodes made two touchdowns, Hager one, Baelir one, Newell one, Norman McClintock one, and Harvery kicked a goal from touchdown. The men played as follows:

### REAT THE CHAMPIONS.

The Local Football Kickers Defeat the

Men From McDonald. If ever there was rejoicing among athetes-real, pure-souled athletes who are in the sport for the love of it-there was a celebration among the members of the Pittsburg Association Football Team last evening. Why shouldn't they have a re-joining? They defeated the McDonald team in a championship game, and it was the first defeat that the McDonalds have suffered since they organized, three years ago. The victory was indeed a great one for the home

victory was indeed a great one for the home people, they beat the champions, and the latter were sad.

The attendance was good, the contest taking place at Exposition Park. The home players never played better in their lives. They made the work hot and lively, and in first half scored two goals to the champions' one. This was a surprise. The McDonald's dependet on their staying qualities, but were fooled, as the local players out generaled them. ont generaled them.

In the second half Joe Wardle caused a sensation by taking the ball from the opposing backs and in the twinkling of an eye bounding it through between the posts while the slick Robinson rubbed his eyes in wonderment.

while the slick Robinson rubbed his eyes in wonderment.

The story of the game need not be a long one. It was the best football contest ever played in Pittsburg considered from a skillful standpoint. The local players did expert work, and the performances of the Attwell visitors will not be forgotten. The work of Mr. Childs, as one of the backs, was a feature, and Messra. Waldron and Wardle were big factors in winning the game. Mathews, in short, the entire local team did well. For the McDonalds the brothers McVickers put up an admirable and a gentlemanly game.

In the second haif the Genevas secured a touch down and goal, scoring 6 points. The game was played in a drenching rain, and was very rough. # Downed the Trinitys.

PHILADELPHIA, Oct. S1 .- [Special.]-The Iniversity of Pennsylvania football team continued its winning streak to-day by defeating the team from Trinity College by a score of 28 to 5. As in the Lafayette game, Pennsylvania presented a weakened team, as they were minus the valuable services of both the regular ends, Schoff and Heisman, and right guard, Fowler. McFadden played Schoff's position, and knipe, a freshnan who has lately developed on the scrub, undertook to cover left end. Jump played guard in Fowler's place. Trinity has a strong team.

Lots of Singging Again. New York, Oct. 31.-[Special.]-The only difference between the disgraceful Prince ton-University of Pennsylvania game of last year and to-day's slugging match bewas that in the latter game no one fortu-nately was seriously injured. This, how-ever, was due more to good luck than any-thing else. Cash, Demon, Smith, Hotehkiss and Connelly were the chief offenders. The Crescents scored six in the first half and four in the second. The Manhattans failed to score.

# Both Claimed It.

NEWARR, O., Oct. 31.—[Special.]—Both Denison and Otterbein claim the football game at Granville this afternoon. Denison says the score was 14 to 12 in her favor. Otterbe claims she won it by a score of 12 to 10, the discrepancy arising from one touch-down. This promises to precipitate an inter-colle-glate war.

#### VON DER HORST TALKS.

The Baltimore Magnate Says a Few Words

NEW YORK, Oct. 31.—[Special.]—H. R. Von ler Horst, President of the Baltimore Baseball Club, and William Walz, Treasurer of the same club, are in the city. Mr. Von der Horst, who is out of his element in the American Association, said he was here simply on private business. "No, I am not reaching out after League stars," said he, "and do not intend to. I have already signed ten good men for next season, and Van Hal-tren will be captain and manager. I be-lieve we have a good man in Whistler, and the remainder of our team is strong. The new rule which gives all the receipts to the home team will be a good thing for Baltimore. I don't suppose it will be to the advantage of the small towns. It is probable the Association may have a ten-club circuit next season. Kansas City is out of the question, but there are other good towns anxious to come in.

"It is very unfortunate that the League and Association did not arrive at an agreement, as the present condition of affairs is bad for the game. However, if the League can stand it so can the Association, and we shall fight it out. The Association Schedule Committee has been instructed to make as few conflicting dates as possible, and we shall proceed on the basis of minding our own business." the remainder of our team is strong. The

Mr. Von der Horst smiled sadly when Chicago and Mike McDonald were referred to; and he did not speak of Von der Ahe in glowing terms of admiration. He seemed to regard the St. Louisan as a necessary evil.

#### LOCAL BASEBALL AFFAIRS.

The Directors of the Club All in Line and Read, for Business.

The officials of the local ball club had a kind of shaking-hand day yesterday among themselves. They have finally become unanimous regarding the policy of the club, and it is to be hoped that the little whinings and carpings of people who only aim at per-sonalities will not be allowed to turn the ninds of the directors. They have money

minds of the directors. They have money invested, and what they can do to make a winning team will silence opposition if the team is successful.

The directors have put nearly \$10,000 into the treasury, and they have resolved to trust implicitly to Manager McGunnigle and hold him responsible. On this point the directors are harmonious.

As stated in yesterday's DISPATCH Ed Handon will be on the team, and Manager McGunnigle will sign five or six more players shortly. He will sign more than he apedS, as he wants to test one or two. There is a rumor current that the young pitcher he has on the list is Daley, of Boston. Nothing of the kind. It is a better man than Daley. But some tests will be made. Old Galvin's case will be discussed one of these days, and Jeems will sign.

## Jack Maker a Kick.

WHEREING, Oct. 31.—[Special.]—Jack Glass-cock, of last year's New Yorks, is seriously contemplating cutting loose from the old contemplating cutting loose from the old League and signing with the Association. Giassock was called upon here to-night by a representative of the Association and Giassock promised him a definite answer in a few days. Glassock is still sore over that fine of \$55 pnt on him by the manage-ment of the New York League club, for not reporting on time, being laid up here with a bad hand. When they asked him to sign at the end of the season, he refused unless they refunded the line, which was refused, hence the trouble.

Looks Tough for Vondy, St. Louis, Oct. 31 .- If current reports are true. Chris Von der Ahe will have to sign a new outfit for his Association club here next year. It is stated that all the players of the Browns, including Captain Comiskey have revolted and will join League clubs While these rumors cannot be traced to any authentic source, color is given to the statements by the fact that McCarthy and Stivetts have signed Boston League contracts, and that Captain Comiskey and Von der Ahe are not on friendly terms.

# Still Talking.

New York, Oct. 31.—[Special.]—Rodger Conner and Danny Richardson had a long talk ner and Danny Richardson and a long talk with the management of the New York club to-day about signing contracts for next scaso. No agreement was reached. Manager Barnie, of the Philadelphia Athletics, is said to have offered \$6,000 apiece to sign with his team.

# SLAVIN IS WILLING

The Australian Points Out That He Is Al ways Ready for Sullivan. IBY CABLE TO THE DISPATCH.

London, Oct. 31.-In an interview las night Frank P Slavin said he was greatly pleased at Sullivan's intention to fight, but said the big fellow tells a falsehood when he says that Slavin never asked him for a fight. He refers him to the reports in the American newspapers of five months ago, which contain a meeting between the Australian and American, in which Sullivan said he had retired, but if ever he fought again Slavin should have first chance.
Slavin says he went to St. Louis to get a
match, but failed. In four weeks' time he
will be prepared to go to New York and arrange a match with Sullivan, but stipulates
tint his expenses must be paid.
Slavin will fight in any club room, barring
those of New Orleans. The American cannot find the stake too high, and any club
wanting the match must hang up a goodsized purse.

# McCov's Plain Talk.

New York, Oct. 31.-[Special.]-The following statement by a well-known pugilist explains itself: Since I have been on a tour through England and Ireland I understand there are sev eral pugilists who fight at my weight who have been issuing challenges. I am ready to have been issuing challenges. I am ready to enter the ring and fight any man in America at 145 pounds, according to "Police Gazette" rules, for \$1,000 a side, the fight to take place in any club offering the largest purse. To prove I mean business, my backer, Warren Lewis, has posted \$100 with Richard K. Fox, who shall be final stakeholder. This fair proposition should suit Tommy Ryan, Johnny Reagan, Billy McMullen and every pugilist who can fight at 145 pounds.

Pete McCoy.

#### PETE McCoy. Corbett's Good Suggestion.

Jim Corbett, the well-known heavy-weight boxer, is in town. He appears at the Bijou this week in a boxing exhibition. During a conversation yesterday Corbett said he is perfectly willing to fight the best in the perfectly willing to fight the best in the world providing satisfactory arrangements can be made. He stated that he has already defeated Joe Chonisky in one of the most desperate battles known. He is willing to tackie the Polish-American again, but he suggests, and wisely. "let maher have a go at a man whom I have beaten; that is a good man like Chonisky."

Who Wants to Bet? Here is a bold proposition to people who want to bet on the county election. A gentleman called at this office last evening and left \$2,000 to betas follows: One thousand dollars to \$500 that Kennedy, Porter and McClung will be elected, and \$1,000 even that Kennedy, Porter and McClung will beat Fet-terman 3,000 or more votes.

Bicyclists Have a Contest From Hartford to New York.

SOME EXCELLENT TIME MADE.

Arrangements for Another Race From Chicago to New York.

GENERAL SPORTING NEWS OF THE DAY

PPECIAL TRLEGRAM TO THE DISPATCE NEW YORK, Oct. 31 .- A notable bicycle contest took place between Hartford and this city to-day. The usefulness of the bicycle as an adjunct to the equipment of an army has been the hobby of wheelmen for some time. The relay race to-day was for the purpose of displaying the utility of the bicycle as a dispatch carrier. The distance from Hartford to this city

by road is 1261/2 miles. To-day's race was started from the office of the American Cyclist in Hartford and terminated at the uptown office of the Sun. Twenty-one riders composed the relays. The first team consisted of Messra. Wood and Grant. They left Hartford at 7 A. M. from the Cyclist office. Over 15,000 persons witnessed the start. All the riders were mounted on safety pneumatic wheels. At each station the fresh teams were found mounted, and immediately upon the transferrance of the despatch from the old to the new relay a fresh start was made to the next station. At every village along the route the men were met by thousands of persons, who lined the roads and encouraged the riders by yociferous shouting. Eight hours were allotted the men to complete the journey, and they were admonished to keep within the following schedule: Hartford, 7 A. M.; Meriden, 8:10: New Haven, 9:20: Milford, 10; Bridgeport, 10:40: South Norwalk, 11:18; Stamford, 12:28 F. M.; New Rochelle, 1:28; West Chester, 2:25; New York City, 3.

Conforming with this schedule the men would average about 16 miles to the hour. The last team arrived at the Sma office at 3:22 o'clock and delivered their dispatch. The actual riding time was eight hours and 22 minutes, only 22 minutes behind the scheduled time. The men report that they found the road in miserable shape. The road record of one hour and 21 minutes from Hartford to Meridan, held by Frank Ives, was lowered by Charles H. Wood. His time was one hour and nine minutes.

There is at present being arranged a relay composed the relays. The first team con

LONDON, Oct, 31 .- The Stewards of the Jockey Club have decided that the entry of Mr. W. W. Fulton's bay filly, Comedy, for the race for the Cambridgeshire stakes, at the Newmarket Houghton meeting, on Wednesday last, was correct, and, despite the opinion of many sportsmen that they would not do so, have awarded the race to that filly. Though the Stewards have given comedy the place she won in the race they are still conducting their inquiry into her running in the other races in which she has taken part since the Kempton Park meeting, there being some doubt as to the squareness of her running in these races, in view of the fact that she so easily won the race for the Cambridgeshire stakes.

The aggregate for the first three days, which was for trotting stock exclusively, was \$167,640. vania, West Virginia and EXTENDED FOR THE REMAINDER OF THE YEAR, BUT CONFINED TO Ohio: Fair Sunday and CATARRHAL TROUBLES.

> In the almost overwhelming respons made to the offers of Drs. Copeland and Hall during the last two months to treat ALL DIS-EASES and furnish medicines at the uniform rate of \$5 a month, there was abundant evidence that the public appreciates the medi-cal shill that is made accessible to all, rich and poor alike. The strength of the physicians and the resources of their laboratories have been taxed to their utmost. Drs. Copeland and Hall would gladly continue the rate as it stands, but to meet the demands it rate as it stands, but to meet the demands it occasious is almost a practical impossibility. They have decided, however, to show their recognition of the popularity of the method inaugurated by continuing for the remainder of the year the five dollar rate you cataranal troubles along. Their charges for the treatment of other diseases will be moderate and in proportion to the cost of the medicines required, and for the remainder of the vent—up to January 1—the charges for medicines and treatment for catarrh will be the same as in the past two months—\$5 a month until curre.

# BY PERSONAL CARE

Drs. Copeland and Hall Obtain Their Notable Results-Dr. Copeland Himself Is, Has Been and Will Remain PER-SONALLY in Charge of His Practice

When the tendency of the catarrhal prog-ress is evidently to the chest and lungs, and the hacking cough, loss of flesh, pains in the chest, and failing strength give their unmistakable evidence of a predisposition to consumption, the patient should spare no pains and lose no time in arresting what is practical and imminent danger. With the practical and imminent danger. With the coming on of a winter, which, if the predictions of the weather prophets are true, will be an unusually severe one, the care of cases like these becomes of even more than usual importance. Catarrh and consumption, which go hand in hand, in this climate of ours, should be met at this season with the most faithful, porsistent and skillful care. Continued evidence of the results obtained by the skillful personal care and attention of Dr. Copeland and Dr. Hall may be noticed in such cases as those given below. was arrested last night by Officer Carr for fighting on Wylie avenue. He was locked up in the Eleventh ward station.

The Voices of Children.

"I had read the published statements of many persons who claimed to have been cured by Drs. Copeland and Hall, but placed little couldence in them, though my husband believed them to be true, and when our son. William, who had been afflicted for so long, and whose condition became critical, he urzed me to take the boy to those doctors for treatment." The speaker was Mrs. William Martin, of Menndail, Pa.

Continuing she said: "The child has had more or less catarrial trouble all his life. He was annoyed with what seemed to be a cold in the head, with an almost continual discharge from the nose, drippings into the throat and pains in the forehead.

"We naid but little attention to this, and not until other more serious symptoms began "We naid but little attention to this, and not until other more serious symptoms began to appear did we think of doing anything for him. His appetite became poor. Everything he ate seemed to give him much pain and uneasiness in the stomach.

"Dizzy spells would come over him so that he could hardly stand or walk. We were compelled to take him from school. He gradually grew worse. He lost fiesh rapidly, became lean and bony, he face wore a pale and death-like appearance; he occasionally spit blood, and we were sure he

Was Taking Consumption. "As I said, my husband urged me to take him to Drs. Copeland and Hall. I did so, had him examined and placed under treatment. To my surprise he began to improve at once, has continued to get better until he is now a strong and hearty lad, attending school every day."

# HIS CONFIDENCE REWARDED.

Has the Following to Say of His Catarrhal Trouble and Source of Relief. "I have been troubled for years with a bad oase of nasal catarrh. I had severe frontal headaches, stuffed up nose, weak eyes, sore throat, tired feeling in the morning and all the other symptoms that usually prevail. I had distressing stomach symptoms, due to the poisonous mucus finding its way into that organ during repose. I did not have the energy and ambition I had when in health.

I placed myself under the care of Drs. Copeland and Hall and improved steadily. My cough is Gone. My nose and head are clear and my general health is better than for many years.
